SEPTEMBER 2014 QUARTERLY ACTIVITIES REPORT

Voyager Resources Limited (“the Company”) is pleased to provide its report for the quarter ended 30 September 2014.

Brazil

During the quarter, the Company announced the acquisition of 100% of the Salobo South Copper Project in the Carajas Province of Brazil. The Salobo South Copper Project is within close proximity to Vale’s Salobo Copper Mine, one of the world’s largest copper development projects which has recently commenced production.

200,000,000 Fully Paid Ordinary Shares were issued in October 2014 as part consideration for the acquisition.

The Company continues to assess copper opportunities in the Carajas to further supplement its existing portfolio of copper licenses. A total of five new properties were applied for as exploration licenses, covering a total land of 42,271 hectares.

In August 2014, the board of directors proposed that the name of the Company be changed to THE CARAJAS COPPER COMPANY.

Mongolia

A realization process for the projects and assets in Mongolia is continuing with sale and or joint venture partners being sought.

Management and Board Changes

The following Management Changes occurred during the quarter and on 1 October 2014:

- Mr Brian McMaster and Mr Antonio Jose De Almeida were appointed as Directors of the Company;
- Mr Paulo Brito was appointed as Exploration Manager.
- Mr Luis Azevedo ceased as a Director;
- Mr Jonathan Hart ceased in his role as Company Secretary of the Company; and
- Ms Paula Cowan was appointed as Company Secretary.

Funding Agreement

In August 2014 the Company entered into a Controlled Placement Agreement (“CPA”) with Acuity Capital. The CPA provides the Company with up to \$1 million of standby equity capital over the coming 12 months. The Company retains full control of the placement process, including having sole discretion as to whether or not to utilise the CPA. The Company is under no obligation to raise capital under the CPA.

Matthew Wood
Executive Chairman

Competent Persons Statement

The information in this report that relates to Mineral Resources and Exploration Results is based on information compiled and reviewed by Mr Matthew Wood who is a member of the Australasian Institute of Geoscientists. Mr Wood is an Executive Director of Voyager Resources Limited, in which he is also a shareholder. Mr Wood has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person (CP) as defined in the 2012 Edition of the Joint Ore Reserves Committee (JORC) "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves". Mr Wood consents to the inclusion in the report of the matters based on his information in the form and context in which it appears.
